

AT LOCH LOMOND WHISKY, WE ARE DRIVEN BY AN UNWAVERING SPIRIT OF EXPLORATION. THIS IS A CONSTANT QUEST TO EXPLORE THE POSSIBILITIES OF FLAVOUR AND WHISKY CREATION. WE BELIEVE IN COMBINING THE WELL-TRODDEN PATH OF TRADITION WITH THE HIGH ROAD OF INNOVATION.

We are a flavour-forward distillery – spirit quality is at the heart of what we do. With both Straight neck and Swan neck stills, we have the freedom to create and explore flavor in our own way. This is what it means to be Scotland's most agile and adept Scotch distillery. At the helm, our Master Distiller, Michael Henry, is the creator and guardian of our signature style defined by fruit, honey, and soft smoke.

# 25 YEAR OLD

FRUIT, HONEY *AND* SOFT SMOKE

Taking inspiration from our surroundings at Loch Lomond, one of Scotland's deepest lochs, our 25 year old is a celebration of our remarkable stills, our distillery signature style, and the creation of flavour through distillation and maturation.

Using whisky only from our distillery's unique Straight Neck stills, our master blender, Michael Henry, has brought together three different spirits from these unique stills with a range of styles and collection strengths, ingeniously crafting them into one single expression that captures the signature character of our distillery.

With our cooperage's traditional, time-honoured care and skill, these spirits are matured in first-fill, refill, and re-charred American Oak casks for 25 years, then carefully married together. The result is a rich, complex whisky that showcases the Loch Lomond signature style of fruit, honey, soft smoke and our ingenuity in whisky making. Non chill-filtered.

## SHOWCASING DISTILLATION <sup>2</sup>AND MATURATION

- We put spirit at the heart of everything we do. With both Straight Neck to Swan Neck stills to shape our spirit, we have the freedom to create and explore flavour our own way, whilst championing our position as Scotland's most agile and adept Scotch distillery. Each still leaves its own indelible mark on the spirit within and enables unmatched flavour engineering.
- Loch Lomond 25 year old epitomizes our mastery of distillation, utilizing three distinct spirits crafted solely in our remarkable Straight Neck stills. Using three different types of unpeated and peated spirits, each with varying collection strengths, demonstrating unparalleled expertise and innovation in the art of distillation.
- As one of only four distilleries in Scotland with an onsite cooperage, we have the ability to oversee the entire process of making barrels by hand to our own specification. This level of care and attention to detail is telling in our whiskies. Our coopers oversee the meticulous process of repair and charring to our exacting standards with pride and precision, practising the time-honoured tradition which ensures the very best casks for our spirit to thrive in.
- The Loch Lomond 25 year old proudly exhibits our craft and knowledge in both distillation and maturation. This exceptional whisky undergoes a meticulous aging process in first-fill, refill, and re-charred American Oak casks for a quarter of a century, meticulously overseen by our team of expert coopers. Michael Henry, our master distiller, personally handpicks casks for blending, ensuring that we present the epitome of our signature orchard fruit, honey, and delicate soft smoke flavours unique to Loch Lomond Whisky.
- 46% ABV and non chill-filtered, just as nature intended.

### OUR SIGNATURE STYLE

Our Master Blender Michael Henry is the creator, and guardian, of our signature style of fruit, honey and soft smoke. His, along with his team's, innate ability to know exactly how to add new dimensions and subtle variations. Harnessing how each still style shapes the spirit gives us the unique capability to bring our imagination to life.
