HOME TO SCOTLAND'S ONLY SINGLE FARM SINGLE MALT

Kilchoman distillery sits nestled amongst the traditional buildings of Rockside Farm on the north-west coast of Islay. Sheltered beneath the Cnoc Dubh landscape, the distillery's barley fields stretch west to the shores of Machir Bay.

Established in 2005, Kilchoman represents the revival of traditional farm distilling; growing our own barley before malting, distilling, maturing and bottling every bottle of our 100% Islay whisky on site.

From the founding of Kilchoman, the 100% Islay heritage was our reason for being, it represents the rebirth of single farm single malt, where the responsibility for growing and malting barley is not outsourced but completed on site with skill, care and attention to detail. We are proud to be Islay's only distillery producing Single Farm Single Malt.

This twelve year old 100% Islay single cask is one of the very few unpeated casks produced at Kilchoman, matured entirely in an oloroso sherry butt.
