

# SINGLE CASK NATION GLOBAL RELEASE #9 - 2025

## WHAT'S NEW IN THIS RELEASE?

Here we are again! This is our opening set of six new releases for our Global markets in 2025.

We've got a trio of Speyside malts which really showcase the different sides of the region. Starting with our 16 year old from Benriach which is rich and luxurious, having had a second maturation in a PX barrique. Next is our Glenallachie 12 year old which has also been in Oloroso hogsheads for an additional maturation. It's given a sweeter side to the liquid but still plenty of body and punch! We move along the A95 to nearly neighbours, Tormore for our final Speyside malt. Here our 10 year old has been in New Charred Oak for 4 years, giving the malt a real depth and nuttiness to finish. This distillery is getting some well deserved attention under new ownership and we're delighted to be highlighting it in this release.

We've got a quick visit to a couple of Islands as well - first of all to Arran for our 9 year old malt from the Lochranza distillery. A favourite of ours, this malt absolutely over delivers for a 9 year old! Full maturation in Sherry has produced a wee gem in this release. Not that we have favourites! Hopping over to Islay we're excited to bring our first Williamson to the Global releases. This young Islay is full of life and brings the youthful brine-y notes we're looking for, backed up with a surprising fruitiness.

Finally we're heading back to the Highlands to bring a peated Ruadh Mhor from the Glenturret distillery. This has been a delightful find for us, we're noting smoky sour cherries and lots of BBQ notes here. This 11 year old has had a 3 year 2<sup>nd</sup> maturation in New Charred Oak, which has amplified those smoky qualities.

So there you have it. 6 bright and tasty drams to start off the Spring of 2025!
